À LA FRANÇAISE Lively wit and good manners reign in Versailles during the time of Louis XIV. This beautifully mounted short centers on an amusing afternoon at the court of Louis XIV in Versailles.

STEWPTOT RHAPSODY invites us into the dynamic hustle and bustle of a full house at dinnertime. The mother, pillar of her family, strives to gather the household of three generations around a delicious pot-au-feu.

KING AND LIONHEART Under a leaden sky, a utopian empire is overthrown by a malefic foreign horde. In the aftermath, a regal brother and sister are separated and desperately struggle to reunite.

LOST SENSES An encounter in an abstract world, stylized as the paintings of Chirico. Will the lovers meet each other? A man is trying very hard, but one unguarded moment is enough to make him lose his senses - and his chance?

ECONEWS IDENT is the animated intro for an environmental Greek television show featuring ecology and environment news.

SPECIAL SCREENING

14:30–15:30

WALT DISNEY'S GET A HORSE! PREMIERE
& MASTERCLASS BY ERIC GOLDBERG

This special screening features the new WALT DISNEY short film **GET A HORSE!**, a 2013 black-and-white/color traditional hand-drawn/CGI hybrid 3D production by WALT DISNEY Animation Studios. With their brand new production from 2013, Disney created a timeless mix of style and media.

The story follows Mickey Mouse with the voice of WALT DISNEY himself, his pal Minnie Mouse and their friends Horace Horsecollar and Clarabelle Cow in a musical hay-wagon ride.

This short film has only been screened at two Festivals yet, and PIXEL is very proud to present it to its guests this year. It will be officially released on Nov. 27th 2013, to accompany WALT DISNEY Animation Studios' **FROZEN** in theatres.

ERIC GOLDBERG will honour us by holding a master class after the screening to show how it was created. Keep your pencils ready!
